

Strengthening Community Connections for Action

Organizational Charter

The PWC, formerly the Ingham Interagency Human Services Advisory Committee (HSAC), is an inclusive planning and implementation multi-purpose collaborative body of over 250 human services, non-profit, governmental, faith-based, and business sector stakeholders that promote systems reform in Ingham County. The PWC is often referred to as a "community collaborative" or a "network of networks" and capitalizes on the power of social capital and diversity to achieve positive results for the community. The 6 Core Values that guide the work that we do are: **Equity & Justice, Respect, Accountability, Courage, Collaboration, and Collective Action** (see attachment).

The PWC partners with its 12 member Community Coalitions and three primary committees: the Community Data Committee, the Leadership and Practice Committee, and the Investors Steering Committee. Each coalition consists of a network of organizations and individuals with interest and expertise in the area of focus. Each also supports one or more of the PWC's Common Agenda, **Education & Youth, Economic Opportunity, Infrastructure & Transportation, Racial Equity and Healing**, and utilize PWC's Community Practices to accelerate change.

The leadership of the undersigned organization will support the PWC's Common Agenda, Core Values & Norms, and mission as set forth in the attached documents. As an official Community Partner of the PWC, the organization understands that the success of the PWC depends on active engagement and support from multi-sector partners and stakeholders.

By becoming a Community Partner, we pledge to work with other members to ensure the continued success of the PWC. Our signatures below express our commitment to identify and implement change strategies of issue-based groups that target underlying conditions that create problems across multiple social areas.

At minimum, we commit to assigning leaders within our organization to participate, where appropriate, in the PWC, 12 Community Coalitions, 3 Committees, and to work collaboratively with other Community Partners and Affiliates to ensure the continued success of the PWC. We will also provide in-kind contributions, including data, which will help the PWC achieve its mission and goals. To the extent possible, we will identify and offer financial resources.
