

## **DEBT SERVICE SUMMARY**

**INTRODUCTION:** Debt Service Funds were established to account for the long-term debts of Ingham County. The two types of debts incurred by the county are general obligation debts and special assessment debts.

**GENERAL OBLIGATION BOND DEBTS:** General obligation bonds are used to provide funds for the acquisition, construction, reconstruction or repair of major capital facilities. These bonds are direct obligation bonds and pledge the full faith and credit of the county. It is the policy of the county to maintain an amount equivalent to the debt schedule's largest principle and interest payment.

General obligation bonds are currently being used to provide funds for the following debts: the Building Authority Debt on the renovation of the Grady Porter Building; the Building Authority Debt on the renovation of the Jail; the Building Authority combined debt on the Community Mental Health Building/Jail Kitchen Renovation/Courthouse Square/Human Services Building expansion; the City of Lansing/Ingham County Joint Building Authority Debt for the construction of the Veterans Memorial Courthouse; and the Building Authority Debt on the Consolidated 911 Dispatch Center.

The renovation of the Courthouse, construction of the Hilliard Building and the Library Services Building, and the relocation of departments during those projects was financed by the sale of \$3,900,000 in general obligation bonds in 1990 (Series I) and \$4,350,000 in general obligation bonds in 1991 (Series II). The Series I bonds were rolled into the refunding of the Human Services Building (discussed below). Series II was paid off in 2002.

In 1998, the Ingham County Building Authority sold bonds in the amount of \$12,735,000 for the building of the new Community Mental Health Building, the renovation of the Jail Kitchen, and refunding of the Series II Courthouse Square bonds. Payments for the Community Mental Health portion will be paid by Community Mental Health. The remainder will come from the county General Fund. A portion of this debt was refinanced in 2005, along with the debt for the Human Services Building expansion (see below). This debt was paid off in 2011.

The Human Services Building expansion was originally financed by the sale of \$13,480,000 in general obligation bonds in 1988 that would mature in the year 2008. In 1996, this debt, as well as the addition of the Courthouse Square Series I debt, was refunded. At the same time, financing for an additional expansion of the Human Services Building was provided, for a total amount of \$21,665,000. This debt was refunded in 2005, along with a portion of the debt on the previously mentioned Community Mental Health Building, the renovation of the Jail Kitchen, and the refunding of the Series II Courthouse Square bonds. The outstanding balance of this combined debt as of December 31, 2017 will be \$735,000, due in 2018. The debt on the Human Services Building expansion is financed by rental payments made by the Health Department, Department of Human Services, Community Mental Health, Tri-County Office on Aging, and the county General Fund. Payments for the Community Mental Health Building portion will be paid by Community Mental Health. Payment for the Jail Kitchen Renovation and the Courthouse Square will come from the county General Fund.

The cost of renovating the interior of the Grady Porter Building, including building infrastructure, was originally financed by general obligation bonds of \$10.5 million in 2002. The debt was refunded in the amount \$7,390,000 in 2010. Payments are made entirely from the general fund. The outstanding balance of this debt as of December 31, 2017 will be \$4,212,481, due in 2022.

The construction of the Veterans Memorial Courthouse was financed by the sale of \$13,000,000 in general obligation bonds in 2000. The outstanding balance of this debt as of December 2017 will be \$3,364,095. The debt payments are shared by Ingham County and the City of Lansing, with the balance due in 2019.

The renovation of the old kitchen and receiving area at the Ingham County Jail was financed by the sale of \$2,325,000 in general obligation bonds in 2003. The outstanding balance of this debt as of December 2017 will be \$1,103,137, due in 2022. The debt payments are paid from the revenue generated by additional jail bed rental.

The construction of the Consolidated 911 Dispatch Center is being financed by the sale of \$3,000,000 in recovery zone economic development bonds in 2010. The outstanding balance of this debt as of December 2017 will be \$3,490,204, due in 2030. The debt payments are paid from the proceeds of the Emergency Dispatch Services – 911 Fund, with a reimbursement of about 18% from federal tax receipts.

General obligation bonds are sold by the county to finance the delinquent tax revolving fund for each tax year in order to make available tax monies to taxing units within Ingham County. Each year's delinquent tax revolving notes stand alone. When they are paid off and the outstanding taxes are charged back to their respective taxing units, the fund is closed and all monies remaining are transferred to the general fund. The county's overall debt is thereby reduced.

**GENERAL OBLIGATION WATER/SEWAGE PROJECTS AND SPECIAL ASSESSMENT BOND DEBTS:** General obligation bonds for water and sewer projects are also direct obligation bonds and pledge the full faith and credit of the county. However, payments for the debts are billed by the county to the appropriate local units. Special assessment debts fund the construction and maintenance of county drains. These bonds, issued by the Drain Commissioner, are generally collateralized by the full faith and credit of the drainage districts as well as the county. A special assessment is levied against the property owners in each drainage district in order to fulfill the debt payments. These debts are listed on the following page with their outstanding principal balance as of December 31, 2017.

**LEGAL DEBT LIMIT:** Please reference the "Computation of Legal Debt Margin" in this section of the budget. The County's legal debt limit, as of December 31, 2015 (the most recent year for which actual records are available), is \$7,962,695,894. The County is well within its legal debt limit, with total debt applicable to the limitation at only \$87,223,944.

The following drain funds fall under the category of Special Assessment Debt incurred by the Ingham County Drain Commissioner on behalf of Ingham County residents:

- (1) Regular Drain
- (2) Various Drains:
  - Diehl Consolidated - Fund 856
  - Stoner Clement Branch - Fund 857
  - Cook & Thornburn - Fund 858
  - Briarwood - Fund 864
  - Groesbeck Park - Fund 866
  - Webberville #2 Drain - Fund 872
  - Tollgate Construction - Fund 874
  - Tobias Linn Drain - Fund 875

Special Assessment debt is issued for the construction and maintenance of County drains. Notes and bonds issued by the Ingham County Drain Commissioner are generally collateralized by the full faith and credit of the drainage districts and the County of Ingham. Monies derived as Special Assessments are assessed against benefiting property owners and against at-large local governmental units. The portion of these drains which cross County roads is paid by the County through the Drain Tax at Large appropriation.

Fund 352 is used to account for the debt service payments for the 2005 refunding of the Human Service Building debt, and portions of the Courthouse Square Renovation debt, the Jail Renovation debt, and the Community Mental Health building debt. The Human Services Building portion of the debt is financed by the rental payments made by the Health Department, the Department of Human Services, Community Mental Health, Tri-County Office on Aging and the County General Fund. The amount necessary to make the debt service payments is transferred from Fund 631, the Human Service Building Operating Fund, where the rents are collected. The Courthouse Square Renovation and the Jail Renovation portion are funded by the General Fund. Debt payment for the Community Mental Health building portion will be paid by Community Mental Health.
